Dear Harold:

Many thanks for sending me the reprint of your article on "Every Man Has His Breaking Point--(?)". I read it with great interest and am passing it on to others here who are interested in this particular field of research.

Allen had two or three rather good weeks and then this last week there has been a relapse -- so it goes.

Let me know if there is any chance of your being down here in the near future -- but I hope it will not be in the next day or two, as I am going South for a week and Clover is in London, but by the middle of April we will all be together here again.

Sincerely,

(Signed) ALLEN W. DULLES
